June 07-08, 2016

High Tech Campus Eindhoven

Internet of Things is more than a hype

Eindhoven – On June 7-8, 2016, the 5th edition of the Internet of Things Event will take place at High Tech Campus Eindhoven in The Netherlands.

The **two-day event** will give insights in essential topics like security, business models, Machine Learning/ Artificial Intelligence, Cyber security, Big data applications and IoT legal and tax issues. It will include a **conference**, **workshops** and an **exhibition**.

The conference will feature internationally renowned speakers from IBM, Ericsson, Space 10/Ikea, SAP, Philips Innovation labs, Fontys FutureMediaLab, ARM, Altran, AT&T, Eindhoven University of Technology, University Racing Eindhoven, European Photonics Industry Consortium and many more.

Parallel to the conference, workshops will be held on “Innovation & Ideation for Internet of Things success” (by Business Innovation by Design), “Develop your own IoT scenario in just 90 minutes on SAP HANA Cloud Platform (HCP)!” (by SAP) and more.

Besides the conference and the workshops, the event will include an **exhibition**, where AAEON, Intelligent Systems / Altran, AT&T, DeltaPatents, digitalSTROM, Rohde & Schwarz, Teleena, ASML, The EMC & Wireless connectivity lab of Philips Innovation labs, Stellar Data Recovery, Tele2 IoT, The IoT Company and Gemalto will be present.

For more information about the conference, we invite you to visit the website <http://iotevent.eu/>

About Jakajima

Jakajima is the matchmaker for innovators in the high tech industry, ranging from 3D printing to Internet of Things, from Drones to Health Tech. We organize those activities that bring innovators from different value chains and different professions together, in order to endeavour innovations and to create new partnerships, products and/or services.
