

Press release

3D Medical Conference & Expo

5th edition of the 3D Medical Conference & Expo at MECC Maastricht, on Jan 30-31, 2018

Maastricht – On January 30-31, 2018, MECC Maastricht, The Netherlands, will host a two-day event focused on 3D Medical Printing.

This edition will cover a broad range of topics during the conferences and expo. NEW is the addition of the successful one-day Health Tech Event which will cover topics such as robotics and e-Health.

- **Jan 30-31: 3D Medical Conference** – The first day is focused on 3D Bioprinting, 3D Dental Printing, Biomaterials, 3D Scanning & Software. During the second day the topics of discussion will be 3D Pharmaceutical Printing, 3D Medtech Printing, Medical applications with Virtual Reality/Augmented Reality
- **Jan 31: Health Tech Event** – The conference topics will include Medical robotics, e-Health and Health care & Internet of Things
- **Jan 30-31: 3D Medical Expo**

The audience, a mix of academics, medical professionals, business, technology, regulation and creatives, will get an excellent overview and insight in the medical tech developments from different perspectives.

The conferences are organised by Jakajima in partnership with MECC Maastricht

About MECC, Maastrichts Exhibition & Congress Centre

MECC Maastricht's product is success. With our flexibility, high level of service and entrepreneurial attitude we offer organisers, participants and visitors to trade fairs, congresses and events maximum success. Several international medical conferences and also TEFAF, world's leading art fair, take place in our modern exhibition and convention centre in the south of the Netherlands.

About Jakajima

Jakajima is the matchmaker for innovators in the high tech industry, ranging from 3D printing to Internet of Things, from Drones to Health Tech. We organize those activities that bring innovators from different value chains and different professions together, in order to endeavour innovations and to create new partnerships, products and/or services.
