

Press Release

The 3D Printing Electronics Conference

January 23, 2018

High Tech Campus Eindhoven, The Netherlands

3D Printing Electronics – The Uber of Consumer Electronic Product Manufacturing

Eindhoven - On January 23, 2018, internationally renowned specialists will gather at High Tech Campus Eindhoven to discuss the latest technological developments in 3D Printing Electronics.

The program features 10 internationally renowned speakers from SABIC, Buzz Technology, PwC, TNO, CEA-LETI, Fundacio Eurecat, Neotech, adphos, University of Hamburg and Jiangnan University, who will share their knowledge and expertise on a variety of topics related to 3D Printing Electronics.

The discussions will focus on topics such as the “Uberisation Era” of Consumer Electronic Product Manufacturing, Packaging of electronic devices using 3D printing, Dimensional Control and Process Assembly for 3D Electronics at Industrial Scale, In-mould Electronics: from rigid PCB to 3D and flexible, Hybrid printed electronics on 3D objects and many more.
