

muziek op de
Dommel
2018

A music experience in Optima forma.

Unique arrangement on the banks of the Dommel

The successful edition of Muziek op de Dommel 2017 will have a great sequel this year with the concert 'revival of the Classics' on Saturday-Evening June 2, 2018, as the undisputed highlight.

The protagonists of this open-air concert are piano virtuoso Jan Vayne together with the TU/E student Orchestra Auletes and the well-known violinist/DJ Katya G. They will perform various classical pieces from the great stage above the Dommel in a surprising and contemporary way. The classically trained Katya will combine her DJ set with melodic improvisations on her electric violin in an inimitable way. So classic and modern are flirting with each other during a sensational evening.
