Additive Manufacturing: What happens after you 3D Print?

Two half-day conferences on the latest developments in 3D Printing

On December 4, 2018, Brightlands Chemelot Campus in Sittard-Geleen will host two half-day conferences focused on Additive Manufacturing.

In the morning, during 3D Printing Post-Processing Conference, speakers from ION, AMT, Quintus Technologies, PostProcess Technologies and Fraunhofer IPT will talk about various aspects related to the often overlooked third step in 3D printing: post-processing.

The talks will cover issues, solutions and future trends. The presentation titles include: What kind of Surface Technology is asked for 3D-Metal-Printed items | Finishing the Job – Automated Post Processing for 3D Printed Parts | Digitized 3D Post-Printing to Enable Additive Manufacturing at Scale | Shortening the post processing chain through use of high pressure heat treatment | Advanced Manufacturing with 3D printing – Process chains of tomorrow.

In the afternoon, AM Integrated Factory Conference will focus on current developments in further integration of Additive Manufacturing in production processes. Speakers from **Siemens Industry Software, Sirris, TNO, Authentise and AM-Flow** will talk about Industrial AM for functional parts, Industrializing Additive Manufacturing, Scaling up 3D printing production with automated sorting, to mention only a few presentation titles.

About [Brightlands Chemelot Campus](#)

Brightlands Chemelot Campus is a world-leading innovation location and home to a vibrant and fast-growing open community of groundbreaking companies and knowledge institutes. It offers state of the art R&D and manufacturing infrastructures, on-campus education and science-oriented business support, venture capital, and business development services.

About [Jakajima](#)

Jakajima is the matchmaker for innovators in the high tech industry, ranging from 3D printing to Internet of Things, from Drones to Health Tech. We organize those activities that bring innovators from different value chains and different professions together, in order to endeavour innovations and to create new partnerships, products and/or services.

Arrangements for the media

The conference organizers welcome enquiries from electronic media and the press. Accredited journalists can attend this conference free of charge. We are happy to help arrange interviews with the speakers.

Please help us to help you. Press accreditation should be arranged in advance of the conference.

To register for a complimentary media pass, contact Esther Wendrich. She can be reached at e.wendrich@jakajima.eu or during European office hours on +31 620008576.
