

PRESS RELEASE

Intelligent Sensor Networks Conference

January 18, 2019

Rotterdam AHOY, The Netherlands

<https://www.isnconference.com/>

Intelligent Sensor Networks Conference during Infratech 2019 & TUS Expo at Rotterdam AHOY

Rotterdam – The 10th edition of the [Intelligent Sensor Networks Conference](https://www.isnconference.com/) will take place on January 18, 2019, during [Infratech 2019](#) and [TUS Expo](#), at Rotterdam AHOY, in Rotterdam, The Netherlands.

This edition will focus on sensor networks for smart industry and smart maintenance.

The complete program of the half-day conference features eight speakers in total and will include duo presentations supplier/customer.

The conference will be opened by Rob Jansen from TNO, who will talk about two types of structures, an offshore wind turbine and a bridge, where innovative sensors are installed. After that, Valentijn de Leeuw, Vice President ARC Advisory Group, will speak about **FIWARE**, an open source platform that enables organizations to build their IoT solutions quickly and cheaply.

The duo presentations supplier/customer will tackle on aspects such as Augmented Reality as a key driver to put the huge volume of IoT-collected data into context, Practical IoT, Plant of the future (From Intelligent (IoT) Sensor to Plant Reliability) and more. Speakers from ENGIE Services West Industrie, Semiotic Labs, TNO, IJssel Technologie, Sitech Services, twnkls | augmented reality will share their views and experiences during this session.

For more information about the program, we invite you to visit <https://www.isnconference.com/>

This conference is organised by [Jakajima](#), in partnership with TUS Expo and InfraTech 2019.

About Jakajima

Jakajima is the matchmaker for innovators in the high tech industry, ranging from 3D printing to Internet of Things, from Drones to Health Tech. We organize those activities that bring innovators from different value chains and different professions together, in order to endeavour innovations and to create new partnerships, products and/or services. For a complete list of upcoming conferences and events, we invite you to visit <https://www.jakajima.eu/events/list/>

About InfraTech 2019

Ready for the future. This applies not only to Dutch infrastructure (which is among the top-3 of the world, according to the World Economic Forum) but to the entire sector. InfraTech 2019 is a unique knowledge platform where clients, contractors, engineering firms and suppliers showcase why the Dutch infrastructure sector has been among the best in the world for years.
